

## Elmsett C of E Primary School News Summer 2024

The EYFS area at Elmsett school has been revamped with support from the local community, staff and their partners.

The Wicks store in Stowmarket donated sleepers and membrane and staff and partners gave their time, skills and resources including sourcing the wood chippings. We now have a bespoke mud kitchen and table, along with pallet planters. The children can build and play imaginatively in the area, which reflects our rural setting.
