

Spring Term News from Nacton Church of England Primary School

World Book Day

The whole school had a wonderful day celebrating books and reading. We came to school dressed 'ready to read' in our comfy clothes, along with our favourite books. All the adults in school brought in a favourite book and the children chose which they wanted to listen to at the start of the day. It was a tough choice for many of the children. The most popular was definitely Jumanji! There were so many brilliant books to choose from.

Everyone spent the day reading or looking at books linked to traditional tales. Lions made some brilliant traditional tales masks while Tigers enjoyed learning and then performing a version of The Three Billy Goats Gruff.

We even joined in a live virtual visit with the authors Michael Rosen and Catherine Raynor. The children even learnt how to draw Arlo the Lion thanks to Catherine Raynor.

Published Poets

Leopards Class are very excited that several of the children are going to have their poems published in a 'real' book. They worked exceptionally hard to write poems about themselves, titled 'This is Me'.

Netball Team

Our school netball had their first netball match. They played brilliantly as a team against Orwell Park School. They only narrowly lost 4:3. Excellent sporting behaviour was seen and they can't wait for their next match!

Guardians of the Planet

Our Guardians of the planet had a great time helping our local community by planting some new hedging and even a new tree. We are looking forward to seeing them start to grow come spring.
