

# Sproughton CofE Primary

## Cross-Curricular Maths

Sproughton children enjoyed learning Maths through Science, Art, English and in the great outdoors this term.

Inspired by George's Marvellous Medicine by Roald Dahl, the children thoroughly enjoyed making potions whilst learning about scales, measurement, capacity and volume.

There were experiments galore learning about measurement and data handling through Science.

And Andy Goldsworthy inspired many a wonderful creation outside in the school grounds for the children, staff, parents and visitors to enjoy for the weeks that followed.

The cross-curricular maths learning week was a super success providing a further opportunity to bring numeracy to life.
