

World Book Day

Delayed owing to bad weather, but worth waiting for as we dressed as different crayons to celebrate the book 'The Day the Crayons Quit' by Drew Daywalt. We did shorten our activities to an afternoon, but all children took part in two activities, one design based and the other a science activity investigating colour. Year 5 & 6 had already found out how crayons were made as part of their unit of work on note taking and explanation texts, so it all tied in nicely.

Snow Fun

SATS Preparation

Year 6 are busy preparing for SATS and all are working really hard. Well done to all those who are managing to come in at 8:15 on Tuesday and Wednesday for revision (and brioche or muffins of course!)

Tag-Rugby

This new club has got off to an excellent start with around 13 children attending regularly.

Eco Club

Has become very popular and there is now a waiting list. The wildlife area is being transformed and the children are learning so much about conservation. I must say it is great to get out there with some slightly warmer weather.

Writing Workshop

Children in Years 3, 4 and 5 took part in a writing workshop led by reporter Nickie Dixon focusing on World War 2 and creating newspaper reports. This was a very creative event which all our pupils enjoyed.

Mathletics

Well done to our latest Gold and Silver winners:

Gold: Claudia and Nathan

Silver: Jessica, Barnaby, Nathan, Digby and Keeley

And to the many Bronze award winners this term.

Jane Le Grice
